

Lumos Custom Lighting and Fabrication has acquired the intellectual property of NeoSource of Denver, Colorado.

neoSource

the art of fabrication

If you are a former NeoSource customer, we can provide you with parts and repair fixtures manufactured by NeoSource.

We own the NeoSource reference drawings and manufacturing data to assist us in serving your needs.

The LUMOS team has the experience and knowledge to help you with a NeoSource made product. Or if your starting a new project, we can help with the design and then produce the product to your exacting standards.

The Lumos staff has over two hundred years of architectural lighting and fabrication experience. We are a UL listed facility to ensure your project meets the latest safety and construction requirements.

Custom products that
exceed your expectations

- INTERIOR LIGHTING
- EXTERIOR LIGHTING
- SIGNAGE
- DIMENSIONAL GRAPHICS
